## 2003 6th Annual Sun Ray Youth Organization Banquet

April 19, 2003

Renaissance Hotel  
4099 Valley View Lane  
Dallas, TX 75244

## ~Welcome~

### About Us...

Sun Ray Youth Organization began in 1995 to act as a Student Council for the Carrollton Sun Ray Chinese School, creating unity for the students at the school. Since then, Sun Ray Youth Organization has provided community services for activities such as the North Texas English Speech Tournament and the Chinese Youth Retreat Camp for Leadership Excellence (CYRCLE). Additionally, Sun Ray Youth Organization gives insight to the Chinese culture through culture art presentations. By focusing on leadership excellence and community building, members are able to learn responsibility and develop leadership skills.

### A Word from the chairman...

After being away from Chinese School for about four years, I decided to join again this semester because of my interest in improving my Chinese. When younger, I did not realize how important being Chinese and knowing how to speak Chinese would be in my future. I now have come to the understanding that speaking Chinese is an important part of being American-born Chinese living here in the United States. Being bilingual gives one a higher opportunity in the work force. Knowing Chinese can even help in gaining extra college credits and obtaining scholarships, which is like free money. With all this in mind, I decided to join Sun Ray Youth Organization in order to promote awareness of the Chinese Culture to others through community service. As I come here tonight being the Head Chairman, I have learned what it means to be a leader and take on responsibility. In closing, I would like to thank Mrs. Fan for giving me this opportunity and all members in Sun Ray Youth Organization for assisting and supporting me.

~Erica Wu
